

FISCHER FUEL CELL COMPRESSOR AG

OUR SUSTAINABLE AND EMISSION-FREE FUTURE

ABOUT US

TECHNOLOGY LEADER

FISCHER Fuel Cell Compressor AG (FFCC), headquartered in Switzerland, is the technology leader in the field of air compressors for fuel cell technology and is part of the FISCHER Spindle Group AG. Based on the patented spiral groove bearing technology, the company has a high-tech product portfolio and plays a central role as a partner to the world's leading companies. In 2021, WEICHAJ Power acquired a stake in FFCC. In the same year, the two companies founded a joint venture in China called FISCHER WEICHAJ (Weifang) Fuel Cell Compressor (FWFCC). Together they are investing in setting up global series production.
